

NID IN BANKING OPERATIONS

NATIONAL INNOVATIONS DIPLOMA IN BANKING OPERATIONS

GOAL

The Goal of this programme is to produce diplomates who have the basic theoretical and practical competences to perform entry level tasks in a Bank.

OBJECTIVES

At the end of this programme, the student should be able to perform the following tasks in a Bank:

1. Domestic operations
2. Customer service
3. Credit & Marketing
4. Foreign operations

EVALUATION

For the purpose of awarding the National Innovation Diploma in Banking Operations, the students' work shall be evaluated on the basis of Practical work, Examinations and Tests assessed per subject and SIWES, per semester, as follows:

Practical - 70%

Examinations - 20%

Class Tests - 10%

100%

SIWES is programmed to take place during the third semester of the 4-semester programme. However, the institution shall be at liberty to split the period of attachment into two between the second and fourth semesters.

The weighting of each of the components of subjects and SIWES shall be as follows:

General Studies - 10% (minimum)

Foundation Studies - 15% (minimum)

Industrial Attachment (SIWES) - 25% (minimum)

Professional (Core) Studies - 50% (maximum)

100%
